

## Payment Policies

To date, the IAC is aware that the following insurers or companies have adopted vascular testing reimbursement directives. While the IAC attempts to stay abreast of reimbursement policies as a service to the vascular community, these policies are changed and updated regularly by the insurance carriers. Therefore, the IAC recommends that applicant facilities contact the insurance carriers in their area for the most accurate and current information to ensure compliance with reimbursement requirements at all times. If you are aware of additional payment policies, or have questions about the information posted, please e-mail [reimbursement@intersocietal.org](mailto:reimbursement@intersocietal.org).

---

**PLEASE NOTE:** The policy details within this document detailing accreditation requirements are referenced directly from insurer websites and manuals and are only a portion of the full reimbursement directives, please search for the full policy using the links provided.

## **Anthem BCBS (Virginia)**

Referenced from the [Anthem Virginia Facility Provider Manual](#)

### **Diagnostic Imaging Accreditation:**

Within 30 days of receipt of a written request, Facility provider shall provide to Anthem such information as may be requested concerning diagnostic imaging services, equipment, licensure and/or accreditation. Facility shall provide such information in the manner and format reasonably required by Anthem (including, without limitation, using a web-based tool). Additionally, after making its original submission of this information to Anthem, whenever any material change occurs with respect to Facility's diagnostic imaging services, equipment, licensure and/or accreditation, Facility shall update Anthem on such change within 30 days of the change (unless a shorter timeframe is required elsewhere in this Agreement).

**Facilities that perform or conduct any Ultrasound, CT, CTA, MRI, MRA, MRS, PET, Cardiac Echocardiography and/or Nuclear/Nuclear Cardiology studies shall be accredited by the American College of Radiology (ACR), [Intersocietal Accreditation Commission \(IAC\)](#), American Institute of Ultrasound in Medicine (AIUM) or the American Society of Breast Surgeons (ASBS) for each piece of equipment utilized in such studies.** Facility has one year from the acquisition of the modality to obtain accreditation. Facility will make no charge and render no bill to any Plan, the Member, or the Member's guarantor for any of the studies listed above, and they shall have no obligation to make any payment to anyone, including Facility, for such studies, unless the studies are performed on accredited equipment as specified above

**Please note:** The above requirements list only a portion of the full reimbursement directive as related to accreditation. For full requirements, please refer to the [Anthem Virginia Facility Provider Manual](#) (Updated June 2022).

## BCBS of Massachusetts

To receive reimbursement, all professional providers, technical providers, and non-hospital-based free-standing facilities must have privileges for the following diagnostic imaging services:

- Angiography
- Bone Densitometry
- Cardiac CT Scan
- Endovenous Laser Treatment
- Fluoroscopy
- Mammography
- MRI
- Nuclear Medicine, including PET scan
- **Ultrasound (general, breast, vascular, thyroid)**
- X-ray

BCBS of Massachusetts applies distinct reimbursement criteria to *technical providers* — who *perform* imaging services — and *professional providers* — who *read and interpret* the images.

### Apply to provide technical services:

- You can apply to be reimbursed for costs for owning, leasing, or use of diagnostic imaging for the services listed below.
- Complete a separate application for each location where you own, lease, or otherwise incur the full usage cost of diagnostic imaging equipment for any of the modalities listed below.
- If there are changes to the diagnostic imaging equipment or service site information, submit a new copy of the application with an explanation attached.

For the following modalities, use the [TDI Privileging Application](#):

Modality	Technical requirements
Cardiac CT Scan	Accreditation from IAC CT or ACR
Endovenous Laser Treatment	<i>Free-standing facility and hospitals</i> Accreditation from IAC Vein Center
Magnetic Resonance Imaging (MRI)	Accreditation from IAC MRI or ACR
<b>Ultrasound, Vascular</b>	Accreditation from <a href="#">IAC Vascular Testing</a> or ACR

**Note from IAC:** Only the modalities that require IAC accreditation are listed above, for full listing of requirements by modality, please visit the [BCBSMA website](#).

## Highmark (DE, PA, WV)

Highmark, with the assistance of National Imaging Associates, Inc. (NIA), an affiliate of Magellan Health, Inc., has implemented a new imaging privileging process. On this page you will find Highmark's privileging requirements and online application instructions.

Privileging is only required for imaging provider sites that are physically located in the 29 counties of western Pennsylvania, the 21 counties of central Pennsylvania and the 13 counties in northeastern Pennsylvania. Highmark's indemnity members are excluded from this requirement.

- [Highmark Radiology Management Program Privileging Requirements](#) (Effective January 1, 2018)

### Requirements Specific to Each Modality – Peripheral Vascular Ultrasound

Must be interpreted by or under the personal supervision of physicians credentialed in radiology, vascular surgery, cardiology or neurology. \*"Personal supervision" means that the professional provider must be present in the immediate vicinity or must be immediately available by electronic means (e.g. telephone, radio, and telecommunications) in the event his or her personal assistance is required for care of the patient. All supervision must be in accordance with the State licensure requirements of the performing licensed health care practitioner. (Source: Highmark Medical Policy Z-27)

- PV Ultrasound providers must use a sonographer certified by the American Registry of Diagnostic Medical Sonographers (ARDMS), American Registry of Radiologic Technologists (ARRT (S), ARRT (VS), RVT), or Cardiovascular Credentialing International (CCI)
- PV Ultrasound systems must have Color Flow Doppler capability.
- **PV Ultrasound providers must achieve accreditation by the [Intersocietal Accreditation Commission \(IAC\) Vascular Testing](#) or the American College of Radiology (ACR) within 6 months of Provisional acceptance in the Privileging Program.**

Please note: This is only a portion of the Highmark Provider Privileging Requirements as related to the requirements for accreditation. For complete requirements, please review the Highmark Provider Privileging Requirements on the Highmark website at [hbcbs.highmarkprc.com/Care-Management-Programs/Radiology-Management-ProgramPrivileging-Application-and-Requirements](https://hbcbs.highmarkprc.com/Care-Management-Programs/Radiology-Management-ProgramPrivileging-Application-and-Requirements).

# Horizon BCBS of New Jersey

## Accreditation/Certification/Licensing Agencies per Modality for Radiology/Imaging Centers

Listed below are the accreditation/certification/licensing agencies for each noted modality.

Mobile imaging services must meet the standards as noted for each applicable modality and are subject to the parameters set forth within the Standards for Diagnostic Radiology/Imaging Facilities/Freestanding-Office including Surgi-Centers and Diagnostic Dental - Radiographic Imaging Policy located on our portal at [www.horizonblue.com](http://www.horizonblue.com).

### CAT SCAN/CTA/CCTA

- Accrediting Agency: American College of Radiology (ACR); IAC CT (formerly ICACTL)
- Licensing Agency: NJ Department of Environmental Protection (NJDEP), or Department of Health and Senior Services Standards for Licensure of Ambulatory Care Facilities

### MRI/MRA

- Accrediting Agency: American College of Radiology (ACR); IAC MRI (formerly ICAMRL)
- Licensing Agency: Federal Drug Administration (FDA) or Department of Health and Senior Services Standards for Licensure of Ambulatory Care Facilities

### NUCLEAR CARDIOLOGY

- Accrediting Agency: American College of Radiology (ACR); IAC Nuclear/PET (formerly ICANL)
- Licensing Agency: NJ Department of Environmental Protection (NJDEP), or Nuclear Regulatory Commission (NRC)

### ULTRASOUND

- Accrediting Agency: American College of Radiology (ACR); American Institute of Ultrasound in Medicine (AIUM); [IAC Vascular Testing \(formerly ICAVL\)](#)

For complete details, visit [www.horizonblue.com/providers/policies-procedures/policies/administrative-policies/credentialing-and-recredentialing-policy-ancillary-and-managed-long-term-support-service-mltss/standards-participation](http://www.horizonblue.com/providers/policies-procedures/policies/administrative-policies/credentialing-and-recredentialing-policy-ancillary-and-managed-long-term-support-service-mltss/standards-participation) >> Radiology/Imaging Centers including Mobile X-Ray/Imaging Service Providers.

## Tufts Health Plan

*Referenced from the 2023 Commercial Provider Manual*

### **Tufts Health Plan Imaging Privileging Program - Imaging Privileges for Non-Radiologists**

Tufts Health Plan requires service-specific certification or accreditation for providers to be compensated for the following imaging services. The certifications and accreditations are required from the organizations listed within the category of service identified and providers will only be reimbursed when Tufts Health Plan receives a copy of the certification or accreditation.

Note: Service-specific privileges are not granted retroactively.

#### VASCULAR ULTRASOUND:

**Accreditation by the Intersocietal Accreditation Commission (IAC) is required for providers who are not board certified or eligible in general vascular surgery or cardiovascular disease.** For more information about this accreditation, contact IAC at 800.838.2110 or access their website. A copy of the accreditation must be sent to 705 Mount Auburn Street, Mailstop 84, Watertown MA 02472, Attn: Tufts Health Plan Imaging Privileging Committee.

For full details, review the [Imaging Privileging Program: Commercial Provider Manual](#).

## UnitedHealthCare - Oxford Health Plans (CT, NJ, NY)

### Accreditation Requirements for Participating Providers (Effective January 1, 2023)

Note: Hospitals are currently excluded from the accreditation requirements listed below.

All MRI, PET, CT, nuclear medicine, and ultrasound studies must be performed on an American College of Radiology (ACR), American Institute of Ultrasound in Medicine (AIUM), **Intersocietal Accreditation Commission (IAC)**, RadSite, or The Joint Commission (TJC) accredited unit or at accredited facilities.

Refer to the Administrative Policy titled [Accreditation Requirements for Radiology Services](#).

In diagnostic imaging, accreditation programs have emerged as key initiatives to advance the quality and safety of imaging studies. It is important that Members receive services from facilities whose equipment, technologists, and physicians are in compliance with established accreditation performance standards.

All freestanding facilities and physician offices performing outpatient radiology advanced imaging studies in the eviCore imaging network are required to obtain and maintain accreditation as a condition for reimbursement for the below services. Radiologists seeking reimbursement for advanced imaging must have the laboratory/facility accreditation on file.

Provider Specialty	Accreditation in Appropriate Module	Modality/Procedure
Radiology Facilities	ACR	MRI, Breast MRI, CT, Nuclear Medicine*, PET, Ultrasound, Breast Ultrasound, Mammography, Stereotactic Biopsy
	AIUM	Ultrasound, Breast Ultrasound
	ASBS	Breast Ultrasound, Stereotactic Breast Biopsy
	IAC	MRI, CT, Nuclear Medicine*, PET, Ultrasound
	RadSite (except cardiac procedures)	MRI, CT, Nuclear Medicine (SPECT)*, PET
	TJC	MRI, CT, Nuclear Medicine*, PET, Ultrasound, X-ray, Breast Ultrasound, Stereotactic Breast Biopsy

**Note:** \*Nuclear Medicine procedures noted with an (\*) are only reimbursable to radiologists when they have the appropriate certification.

**Please Note:** The details above list only a small portion of UnitedHealthCare's requirements as related to accreditation only. For complete NA requirements, visit the [UHC website](#).

## Wellmark BCBS (Iowa, South Dakota)

Referenced from the Wellmark Provider Guide

### Facility/Entity Accreditation/CMS Requirements

All facilities/entities must have at least one of the following licenses/certifications/accreditations to meet credentialing requirements:

**Radiology/Imaging Center** (including, but not limited to, the following types of centers):

- General Radiology
- CT, CTA
- Echocardiography
- Mammography
- MRI, MRA
- Nuclear Cardiology
- PET Scan
- Radiation Oncology
- **Ultrasound**
- Portable X-Ray

**Centers offering any of the services listed immediately below must be accredited by ACR or one of the accrediting agencies of the [Intersocietal Accreditation Commission](#) (IAC Vascular Testing, IAC Echocardiography, IAC Nuclear/PET, IAC MRI or IAC CT):**

- CT
- CTA
- Nuclear Cardiology
- Echocardiography
- PET
- PET/CT
- MRI
- MRA

If the center does not offer any of the services above, it must be accredited by AAAHC, The Joint Commission, ACR, or one of the accreditation agencies of the Intersocietal Accreditation Commission (IAC Vascular Testing, IAC Echocardiography, IAC Nuclear/PET, IAC MRI or IAC CT).

Please note: The above requirements list only a portion of the full reimbursement directive. Please refer to the [Wellmark Provider Guide](#) (updated Jan 2023) for additional information on the complete requirements and for specific requirements for other modalities.
